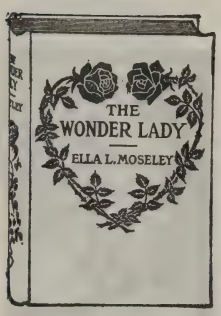
New Books and New Editions

By ELLA LOWERY MOSELEY



The Wonder Lady

Illustrated by JOHN GOSS Net, $1.00 Postpaid, $1.10

THIS is the kind of book that makes a direct and simple appeal to your heart, while at the same time constantly amusing and surprising you.

The "Wonder Lady" is the affectionate name given by poor children to a most attractive, but very mysterious young lady who does a vast amount of good. A skilful and devoted young physician is continually finding tantalizing traces of her until he is almost ready to give up his nicely pre-arranged marriage. But with this he must give up the fortune he so earnestly desires for founding a hospital for children, all for the love of the unknown fascinating friend of the poor little ones to whom he ministers. What a dilemma! What would you have done in his place? You will be sure to find out what Dr. Marsh did if you ever begin the book, and you will not blame him, either.

By FRANCES MARIAN MITCHELL

Joan of Rainbow Springs

Illustrated by F. VAUX WILSON Net, $1.35
Postpaid, $1.50

THIS novel centres about Joan herself, a precocious girl, or there would be no story, and so bright and unusual and the centre of such uncommon happenings that there will be no rest for the reader until the book is finished. The scene quickly shifts from Vermont to "Rainbow Springs," a resort in a beautiful oasis of the Colorado Desert in California, where stirring and tragic scenes crowd each other, amid all of which the remarkable Joan rises superior to every situation.

Here is what the famous humorist, lecturer, and clergyman, known and loved everywhere as "Bob" Burdette, writes to the author:

"You have written a strong story—a story with a shadow story between the lines. Your characters are well drawn because they are drawn from life, some of them—the best and most dramatic of them, and not from the still life of studio models. The descriptive passages of the book are enchanting, and for the reason hinted at above your characters retain their strength and individuality from beginning to end of the story."

By HAROLD MORTON KRAMER

The Rugged Way

Illustrated by F. Vaux Wilson Net, $1.35 Postpaid, $1.50

A STORY of great wrong, great suffering, great renunciation, and great reward. The scene opens in an eastern city, where the hero is overwhelmed by calamity upon the very evening of his betrothal, and, unwilling to admit that it is not all the result of his own transgression, he takes the consequences like a man. Later, he finds that to re-establish himself with his friends and the public is indeed treading a "rugged way." He gives it up, and flees to free life in the great Northwest, which the author knows so well. Then comes redemption through love that declares itself in what is supposed to be the very shadow of horrible death, followed by heroic sacrifice, and a climax of unexpected joy. Mr. Kramer has situations and scenes that bring out the deepest human emotions, and has drawn characters of daring strength, while the moral lesson of the book is no less striking than its dramatic power.

Lost on the Trail

By PANSY Illustrated by ELIZABETH WITHINGTON
$1.50

LOST ON THE TRAIL has for its central character a girl who, by reason of a chain of circumstances over which she had no control, lived ten years of her young life on an isolated mountain-top in the far West, under the sole charge of a mother and son who were fugitives from justice.

During those ten years the girl grew up, from early childhood, as ignorant of life, of the Bible, of conscience, of God and judgment and eternity, as was possible for a human being. Then, at sixteen, a girl of unusual possibilities in both physical beauty and mental power, she struck the trail of civilization; came in contact for the first time with those who professed to order their lives on religious principles.

When Neighbors Were Neighbors

A Story of Love and Life in Olden Days

By GALUSHA ANDERSON, LL.D. Illustrated by FRANK T. MERRILL
12mo Cloth Net, $1.20 Postpaid, $1.35

PROFESSOR ANDERSON, who will be remembered as for eight years president of the old University of Chicago and for twelve years a professor in the new, as well as the pastor of important churches in St. Louis, Brooklyn, and Chicago, tells from intimate knowledge the outer and inner life of an old-time country neighborhood. What the people thought, how they felt, their religious beliefs and activities, their political notions and parties, their industries and recreations, are all vividly portrayed. Interesting and instructive incidents and quaint stories abound. Two lovers are the central figures. They are not of the light and frivolous order; their honeymoon never waned. So while the book reveals a primitive community, in the main deeply religious and moral, yet with a raveled edge of godlessness, it is also a genuine love story with the fascination of a novel.

The Little Knight of the X Bar B

By MARY K. MAULE
Illustrated by MAYNARD DIXON $1.50

THIS story centres about a mysterious lad of gentle breeding who is brought to the X bar B ranch by the owner, whom no one dares question. He becomes the pet of the men in the most delightful comradeship, and, young as he is, infuses a spirit of chivalry into his rough yet tender friends from his recollection of stories of knightly days learned from his mother. It is only at the close of the book, when as a well-grown young man he has been through many thrilling adventures, and seen all the phases of the picturesque life that is so rapidly passing away, that the mystery—by means of a bold and striking denouemc t—is cleared away.

The Arch Satirist

By FRANCES DE WOLFE FENWICK
Frontispiece in color by CHARLES COPELAND
Color-wrapper $1.50

A STRIKING novel, with its scene laid in Montreal, but its truths belonging to society wherever found. It is filled with quaint humor, and contains on many a page more pungent epigrams than are to be found in the entire length of the average novel. Yet it is tragedy masked in satire, in which Time, the Arch-Satirist, plucks the veil of illusion from the grim face of fact, and obliges us to see fact whether we will or no.

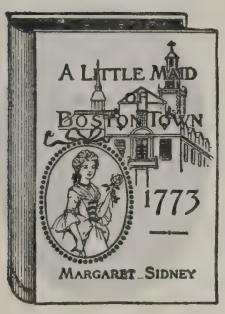
MARGARET SIDNEY — Continued

A Little Maid of Boston Town

Illustrated by FRANK T. MERRILL $1.50



IN no sense is this a sequel to "A Little Maid of Concord Town," although the time is the same, and some characters of the old Concord story re-appear in the later book. The opening chapters introduce us to old Boston in England. Margaret Sidney went there in 1907 and absorbed the atmosphere of Cotton Mather's "St. Botolph's Town," gathering for herself facts and traditions. Then "St. Botolph's Town" yields its scenic effects, and the setting of the story is changed to Boston Town of New England.

The story is absorbing, graphic, and truly delightful, carrying one along till it seems as if actual participation in the events had been the lot of the reader. The same faculty of delineation that produces naturalness in depicting life, that is so conspicuous in her famous "Pepper Books," marks this latest story of Margaret Sidney's. The author effaces herself and her art. She makes characters live and speak for themselves.

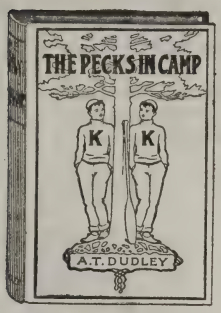
PHILLIPS EXETER SERIES

Each finely illustrated $1.25

The Pecks in Camp

Eighth Volume of "Phillips Exeter Series"



THE "Phillips Exeter Series," including "Following the Ball" and other equally popular books, made Mr. Dudley famous as a writer of school athletic stories, and no publisher's announcement this season holds better news for boys than the promise of another volume after an interval of two years. The Pecks, as all readers of previous volumes know, are twin brothers so resembling each other that it was almost impossible to tell them apart, a fact which the roguish lads made the most of. Other well-known characters appear, although the story is complete in itself. The scene of this book is laid in a typical summer camp for boys, with great rivalry between two "lodges," or houses in which the boys live.

Following the Ball

HERE is an up-to-date story presenting American boarding school life and modern athletics.

Making the Nine

THIS story is lively and worth telling, and the life presented is that of a real school.

In the Line

The School Four

FOOTBALL is no less prominent in the progress of the story than rowing, and both general school life and competitive relations with other schools are set forth to the life.

At the Home Plate

THERE is good baseball in this book, as its title indicates, but it is hardly more prominent than football and hockey, which in turn are simply features in a grand story of school life.

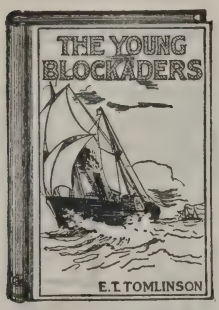
WAR FOR THE UNION SERIES

Illustrated $1.50 each

The Young Blockaders



Second Volume of "War for the Union Series"

THE part played by the blockade in bringing the Civil War to a close is one that is not clear to many who are more or less familiar with the battles and campaigns of the greatest conflict, of its kind, in history. And yet, when the "sinews of war" are cut, no matter how brave a people may be, to continue a war is impossible.

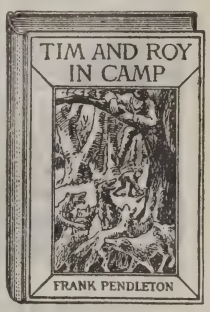
This story takes its readers into the midst of the blockading fleet. Without bitterness it portrays some of the daring deeds of each side in the struggle. Naturally, its incidents and adventures are based upon the daring attempts of the blockader and the blockade-runner to outwit each other. There is an abundance of action and excitement in the story, which is founded upon fact. Its readers will be interested and will obtain an insight into an important and comparatively unfamiliar phase of the "Irrepressible Conflict."

For The Stars and Stripes

First Volume of "War for the Union Series"

THIS story is based on true happenings, and the thread of it is the escape of a young Union soldier from a Southern prison. Graphically told incidents, true to fact, crowd each other. There are guerillas, prisons, campaigns, negroes, friends and enemies, loyal men and others, all parts of the tale. Above all, the book is interesting as well as intrinsically valuable, and the keynote to the series will be loyalty to a re-united country, in which sentiment those of all sections can heartily join.

Tim and Roy in Camp

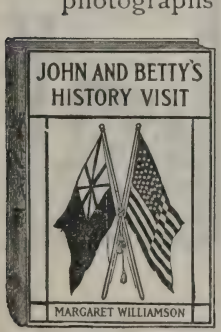


By FRANK PENDLETON Illustrated by J. W. KENNEDY Decorated Cover $1.50

They are supremely happy in their enjoyment in all that pertains to the woods, and his camp-fire stories of experiences with Indians. Each of the boys has a chance to show his bravery and resourcefulness, and each is equal to the occasion. A safe, wholesome, and fascinating book.

John and Betty's History Visit

By MARGARET WILLIAMSON Twenty-four full-page illustrations from photographs Large 12mo $1.25



NOT every American boy and girl can learn the past and present of "our old home" in England in so delightful a way as do this brother and sister who are sent to England to be shown the leading places of historic interest in company with an English brother and sister of their own ages, and under the wise and sensible direction of the mother of the latter. But every one can enjoy reading of the jolly trips taken by the four children and Mrs. Pitt, the mother of English Philip and Barbara, who proves to be the best of entertainers and travelling companions, and the whole happy idea of the "history visit" is so well worked out that it is almost like travelling one's self; and a great deal of useful knowledge is gained in so pleasant a way that no one thinks he has been doing more than getting acquainted with some very nice young friends. The photographic illustrations are well chosen and excellent.

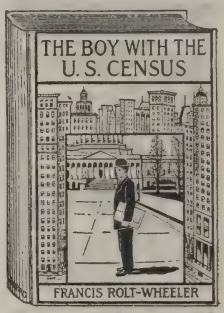
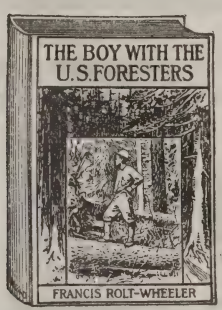
The Boy with the U. S. Census



Third Volume of "U. S. Service Series"

THROUGH the experiences of a typical bright American boy, the author shows the growth and resources of our vast country, and how the necessary information is gathered. The securing of this frequently involves hardship and peril, requiring arduous journeys by dog-team in the frozen north and by launch in the snake-haunted and alligator-filled Everglades of Florida, while in the purlieus of the greater cities the enumerator whose work lies among the dangerous criminal classes must take his life in his own hands. No greater insight into the true life of the United States is possible than may be secured by this personal contact with every type this continent possesses, and the story of the taking of the Thirteenth Census is a record of one of the most wonderful achievements of the century. The author enjoys the confidence and aid of the highest authorities in gathering his material, the result of which has careful inspection before publication. The aim of the series is to use an entertaining story form as the means for making better informed and more useful future citizens, and this book, like the others, will win because it deserves to.

The Boy With the U. S. Foresters

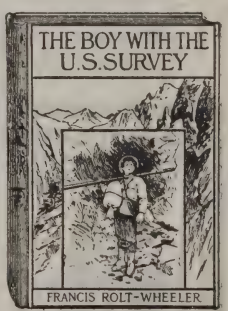


"THE BOY WITH THE U. S. SURVEY" had not been published two weeks before it was evident that a series of books for boys had been entered upon which was to be as successful as it was excellent. Reviewers, parents, librarians, educators, and the boys themselves, with not a few of their elders, could and did unite in saying that here were to be books for the young that were, in many respects, to be in a class by themselves for original merit. The present book is equally worthy and interesting, dealing with a department of public work so much in the public eye. It covers five important lines of adventurous development:

1. The prevention and fighting of forest fires.
2. The regulation of the grazing of cattle and sheep.
3. The preservation and disposition of lumber.
4. The wild ardor of the pursuit of big game.
5. The responsible life of the individual forester.

The life of a typical boy is followed in all its adventurous detail—the mighty representative of our country's government, though young in years—a youthful monarch in a vast domain of forest. Replete with information, alive with adventure, and inciting patriotism at every step, this handsome book is one to be instantly appreciated.

The Boy with the U. S. Survey



THIS story describes the thrilling adventures of members of the U.S. Geological Survey, not in the brief form of statistical reports and bluebooks, but graphically woven into a stirring narrative that both pleases and instructs. While the United States bureaus are not allowed to give their official endorsement to books, yet they are all eager to afford every facility to the author, and each manuscript is to be submitted to the chief of a bureau to insure accuracy of statement. These are the very books that will develop boys into well-informed and valuable citizens of these United States, alive to the needs of conservation of the vast resources and energies of their country.

Handicraft for Handy Boys

Practical Plans for Work and Play with Many Ideas for Earning Money

By A. NEELY HALL Author of "The Boy Craftsman" With nearly 600 Illustrations and Working-drawings by the AUTHOR and NORMAN P. HALL 8vo Net, $2.00 Postpaid, $2.25

THIS is a companion volume to "The Boy Craftsman," and is intended for the same class of readers — boys who want the latest ideas for making things, practical plans for earning money, up-to-date suggestions for games and sports, and novelties for home and school entertainments. The author has planned on an economical basis, providing for the use of the things at hand, and those which can be bought cheaply. These features were brought together for the first time in "The Boy Craftsman," and Mr. Hall's work has won the confidence of parents, who realize that in giving such a book to their boys they are providing them with wholesome occupations which will encourage self-reliance and resourcefulness, and discourage extravagance. Outdoor and indoor pastimes have been given equal attention, and much of the work is closely allied to the studies of the modern grammar and high schools, as will be seen by a glance at the following list of subjects, which are only a few among those discussed in the 500 pages of text:

Manual Training; Easily Made Furniture; Fitting up a Boy's Room; Home-made Gymnasium Apparatus; A Boy's Wireless Telegraph Outfit; Coasters and Bob-sleds; Model Aeroplane; A Castle Clubhouse and Home-made Armor.

Modern ingenious work such as the above cannot fail to develop mechanical ability in a boy, and this book will be treasured by every boy who is so fortunate as to have it.

The Boy Craftsman

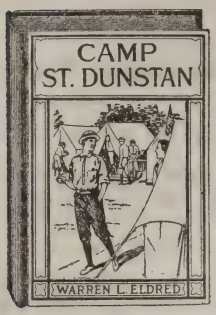
Practical and Profitable Ideas for a Boy's Leisure Hours

By A. NEELY HALL Illustrated with many diagrams and working drawings 8vo $2.00

EVERY real boy wishes to design and make things, but the questions of materials and tools are often hard to get around. This book is the very best yet offered for its large number of practical and profitable ideas. A number of chapters give suggestions for carrying on a small business that will bring a boy in money with which to buy tools and materials necessary for making apparatus. No work of its class is so completely up-to-date or so worthy in point of thoroughness and avoidance of danger. The idea of economy is everywhere carried out, teaching a valuable lesson and commending the work to parents, who will more willingly buy a book that does not suggest a constant future drain on the purse.

"Every boy should have this book. It's a practical book — it gets right next to the boy's heart and stays there. He will have it near him all the time, and on every page there is a lesson or something that will stand the boy in good need. Beyond a doubt this is one of the cleverest books on the market."—*Providence News.*

By WARREN L. ELDRED



Camp St. Dunstan

Second Volume of "St. Dunstan Series"

Illustrated $1.50

A TYPICAL summer camp for boys, with all its interesting routine, is described. Interesting new characters are introduced, a mystery develops, and every element of a good boys' story is present. Mr. Eldred, as is well known, is an authority on work with boys, including many summers of camping, and his characters are as interesting as his books are clean and wholesome.

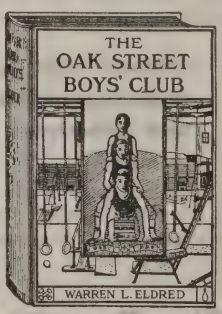
The Crimson Ramblers

First Volume of "St. Dunstan Series"

Illustrated $1.50

THIS is a story of jolly life at St. Dunstan's School, supposed to be in a village on the Hudson River. During an eventful school year, five close friends in the freshman class, and a teacher of the best sort, plan for a summer-vacation camp in Maine, and being encouraged in a fondness for that best of all exercises, walking, they adopt the name which gives the title to the book, and having gone to Boston by water, complete their journey on foot, with plenty of adventures along the way.

The Oak Street Boys' Club



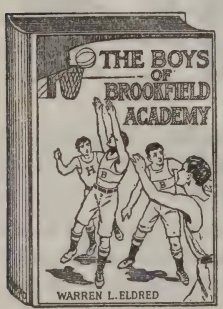
Illustrated $1.50

THE "gang" spirit in boys is ever present, and is becoming better recognized and understood, and boys' clubs are a distinct and growing feature of modern life. Mr. Eldred tells of rival clubs in the same parish, and of the triumph of common sense and business-like methods over jealousy and intrigue, though in the face of great odds. The power to be exerted by one boy possessing the qualities of a leader and the value of having such a boy on the right side are strikingly shown. The varied activities of the young members make an interesting story for boys, while the incidental lessons to be drawn render the book worthy the attention of older readers.

The Lookout Island Campers

Illustrated $1.50

THIS is a story of active boys of fifteen or so. They are very fortunate in the friendship of the principal of their school and his friend, an athletic young doctor. Under the care of these two they go into camp on an island where the boys display as many varieties of human nature as could their elders.



The Boys of Brookfield Academy

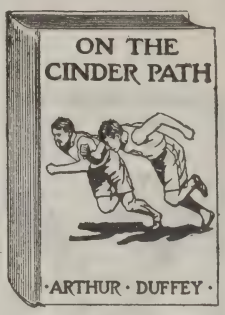
Illustrated $1.50

THIS story is distinctly worth while. It tells of a boys' school, with a glorious past, but an uncertain future, largely due to the wrong kind of a secret society, a vital problem in hundreds of schools to-day.

The boys, after testing his patience in every way that youthful ingenuity can suggest, come to rally about an athletic and brainy young graduate in the splendid transformation of the society, and soon of the entire academy, in one of the best school and athletic stories yet written.

By ARTHUR DUFFEY

On the Cinder Path



Or Archie Hartley's First Year at Donchester

Illustrated $1.25

THIS book will at once attract attention through the fame of its author, who was the undisputed world's champion sprinter from 1901 to 1905, and is the only man whose claim to have covered 100 yards in nine and three-fifths seconds is allowed without question. His tour of the world in 1904, in which he defeated all comers, is still fresh in the public mind. Clearly he is the man to tell boys how to run, and this he does in this book in the best possible fashion. But any one thinking it to be mainly a story of running, owing its existence to the prominence of Mr. Duffey in that sport, will do both book and author a great injustice. It is an exceptionally well-told description of life at a great American school for boys, and the original of "Donchester" will be easily recognized. It is full of bright and wholesome life, and is throughout an appeal to the best side of boy nature, and full of good sense, especially in showing the proper relation between physical, mental, and moral excellence.

By FRANK I. ODELL

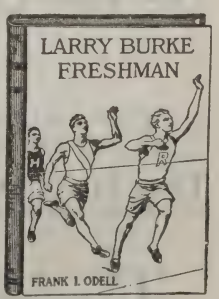
Larry Burke, Sophomore

Second Volume of "Larry Burke Books"

Illustrated $1.25

"LARRY Burke, Freshman," promised such an entertaining continuance of the college course of that sensible, athletic, and generally attractive lad, with his enjoyable circle of friends, that only good things are to be expected from the new volume, which is occupied with the activities of Larry's sophomore year. The leading characters in this book develop along right lines and are worth knowing. Every phase of the social and athletic life of a typical American college is entertainingly brought in, with the educational side not neglected, for Larry and his best friends are by no means at college simply to "make" the various teams or have a good time. Mr. Odell knows well how to present a picture of college life as the best type of students know it, and this story makes it easy for others to understand a college man's enthusiasm and loyalty.

Larry Burke, Freshman



Illustrated $1.25

THIS book bristles with activity: baseball, football, ice-hockey, basketball, track and field events, and a regatta appearing, and each sport brought in with expert accuracy of detail, and the realism that makes one live over his own most thrilling athletic experiences. Along with this is a charming narrative of student life and comradeship—the golden days that have no others like them. Every boy and man who ever heard of a college can take delight in this book.

By NORMAN BRAINERD

FIVE CHUMS SERIES

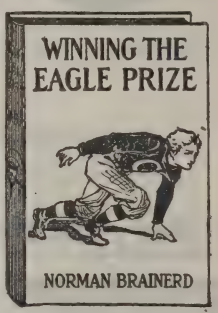
Illustrated $1.25 each

Winning the Junior Cup

Or The Honor of Stub Barrows

Third Volume of "Five Chums Series"

A STORY of student manliness. "Stub" Barrows, a big, unassuming, athletic fellow, enters Washington College. A cup is to be presented by the Junior class to the one of the two lower classes that they consider the manlier in muscles and morals, and the manliest one in the class is to be its custodian. Stub's resolute individuality has caused him to be an unlikely candidate. He aggravates the feeling against him by his efforts to bring about reform in "cribbing." The plot moves swiftly through classroom and dormitory life and stirring athletic contests, and events conspire to place the hero in a position that only one of uncommon will-power and stability of character could endure. When all comes right at last, and that for which Stub has striven so hard and suffered so much becomes a triumphant reality, the reader feels a personal joy in having known the inspiring hero of a clean, vigorous book.



Winning the Eagle Prize

Or The Pluck of Billy Hazen

THE hero not only works his way at Chatham Military School after his father's financial misfortune, but has the pluck to try for a prize which means a scholarship in college. It is very hard for a lad of his make-up to do the requisite studying, besides working and taking a prominent part in athletics, and he is often in trouble, for, unlike some others, who are naturally antagonistic to the frank, impulsive Billy, he scorns to evade responsibility. His four friends are loyal to the fullest extent, and all comes right in the end. A strong, manly book.

Winning His Shoulder Straps

Or Bob Anderson at Chatham Military School

First volume of "Five Chums Series"

A ROUSING story of life in a military school by one who thoroughly knows all its features. Bob Anderson, the hero, is a good friend to tie to, and each of his four particular friends is a worthy companion, with well-sustained individuality. Athletics are plentifully featured, and every boy, good, bad, and indifferent, is a natural fellow, who talks and acts like a bright, up-to-date lad in real life.

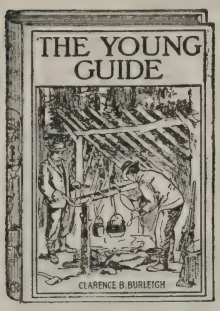
NORMAN CARVER SERIES

Illustrated $1.50 each



The Young Guide

Or, Two Live Boys in the Maine Woods

Third Volume of "Norman Carver Series"

IN "The Young Guide" one can see exactly what life in the Maine woods is during the height of the hunting season, and few need be told that there is no other life like it. In addition to the natural excitement of hunting, further adventures are supplied by a band of undesirable citizens who steal deer left hanging in the woods and sell them to "yarding crews." Norman Carver, and friend, Fred Warner, the "born woodsman," who wins laurels as a guide, are instrumental in having some of these villains brought to justice. Mr. Burleigh is unusually well qualified to write upon the themes which he selects, and can hold a reader's interest second to none. It is therefore no wonder that his books are gaining ground so fast.

With Pickpole and Peavey

Or Two Live Boys on the East Branch Drive

Second Volume of "Norman Carver Series"

NORMAN CARVER, having had a winter as clerk in a lumber camp, is given a somewhat similar position with a crew of river-drivers, and with him is his faithful friend, Fred Warner. The athletic, well-educated city boy and the earnest rural youth, "a born woodsman" as he is called, share in some very exciting adventures, and they bear themselves in a way that is a pleasure to read about.

All Among the Loggers

Or Norman Carver's Winter in a Lumber Camp

AN eventful winter in the deep woods of Maine does much for the hero. An important character and a good friend to Norman is "Mr. Collins," the "scaler," who in real life is "Bill" Sewall, the friend of ex-President Roosevelt, and also of the author.

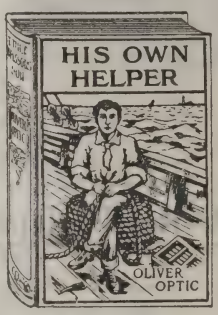
SIX NEW OLIVER OPTIC BOOKS

These stories, like the six we issued last season, appeared serially before the death of William T. Adams ("Oliver Optic"), but are now first issued in book form. They are in the great writer's best vein.

Excellent new illustrations $1.00 each

Making a Man of Himself

A STORY with its scene in the Adirondacks where the young hero's father had sought refuge after being unjustly accused of dishonesty. A violent freshet wrecks the cabin of our hero's widowed mother but unearths an important trunk, of the contents of which he makes most effective use in clearing his father's name.



His Own Helper

A TALE of kidnapping and treasure-trove. A child floats ashore from a wreck and is brought up by a widow as her own. The lad is often mystified by being mistaken for some one, and the reason for this is developed in an interesting plot.

Every Inch a Boy

PIKE Bristow becomes master of a fine schooner yacht by saving it during a gale and being unable to find its owner. With his chum as "crew" he bravely pursues and captures bank robbers and not only recovers stolen money, but finds good fortune for himself and his widowed mother.

Honest Kit Dunstable

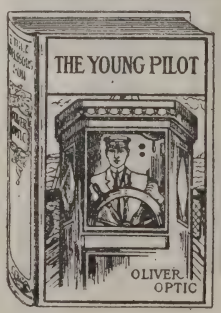
KIT, the adopted son of Captain Dunstable, learns that he was left on board the Captain's ship in Haitian waters by his father, named Dimpleton, according to the Irish cabin-boy. His father could not again be found, as the ship was then captured by rebels. Kit is determined to find his real parent, and succeeds after exciting adventures and many complications, increased by the fact that his father's name was really "Templeton," a name to which the cabin-boy could get no nearer than "Dimpleton."

The Cruise of the Dandy

SPOTTWOOD Hawke, known as "Spotty," has a rich father, as he supposes, and a steam yacht, the *Dandy*, in which he sails on Lake Champlain. He is shocked by finding his father hidden in the *Dandy*, a fugitive from justice. Filial duty conquers, and he lands the hunted man in Canada, only to learn that it is not his real father that he has so daringly saved. After many adventures, however, the brave lad finds his own father, a wealthy man, from whom he was parted in infancy.

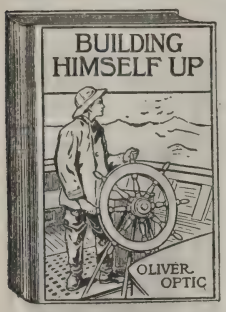
The Young Pilot

A STORY in "Oliver Optic's" best vein. The hero, who is the son of a mill engineer, has sailed the waters of a lake since early childhood, and puts his expert knowledge to good use in serving as pilot of the steam yacht *Lily*, by the aid of which bank robbers are seized in an island cave, their booty recovered, and two captive boys, sons of rival local magnates, released. This exciting work leads to well-deserved prosperity for Andy, who joins the sons of these rich men in buying the *Lily*, after which the young partners successfully ply the waters of the lake.



OLIVER OPTIC BOOKS — Continued

THESE stories appeared serially before the death of William T. Adams ("Oliver Optic"), but have never been issued in book form until the present season. They were written in the author's prime, and are examples of the very best work of that peerless entertainer of the young.



Excellent new illustrations by L. J. BRIDGMAN, LOUIS D. GOWING and LYLE T. HAMMOND $1.00 each

Building Himself Up

ONE of two boys saved from the sea by a lightkeeper is kidnapped. His foster-brother pursues and captures the kidnappers, who prove to be smugglers, and able to solve the mystery of the parentage of the boys, of whom the leading spirit is heir to a fortune of which he proves himself worthy.

Lyon Hart's Heroism

THE hero loses father and mother by the foundering of a ship returning from Europe. He is "shanghaied" in port, but escapes by jumping overboard, and is rescued by a yachting party and given a home. Complications follow which try the boy's mettle to the utmost.

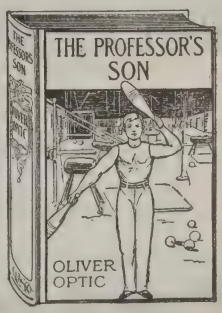
Louis Chiswick's Mission

"LOUIS CHISWICK" is no other than "Lyon Hart" of the previous book. He befriends a boy of his own age, and the two share in the exciting capture of some rebellious students who have camped on an island in the lake. The new boy tells his story, and the mystery surrounding the identity of our hero is apparently set at rest.

Royal Tarr's Pluck

THE hero of the previous book, discovering that another is the real "Louis Chiswick," returns to his old home in Maine as "Lyon Hart" once more. But he learns that he is in reality "Royal Tarr," and with the aid of his former foster-father, Colonel Chiswick, is able to secure justice for his real parent, gaining a fine property for the family.

The Professor's Son



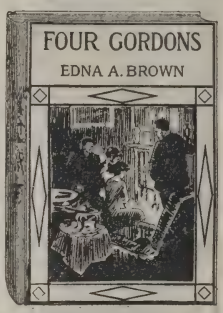
A REFORMED pugilist, who continues to be known as "Professor," has trained his son in boxing, as well as other physical exercises, but taught him never to fight unless absolutely necessary, and for honorable reasons. Certain occasions of this sort come to the boy when thrown upon his own resources after the death of his father, and he acquits himself well.

Striving for His Own

THE hero accidentally opens a letter from England addressed to his supposed father, and learns startling things concerning himself. He resolutely starts for England in his chum's large yacht, and learns the facts of his parentage, and of the usurpation of estate and title that has made it expedient to keep him out of the way. More than this, the plucky boy compels the acknowledgment of his rights.

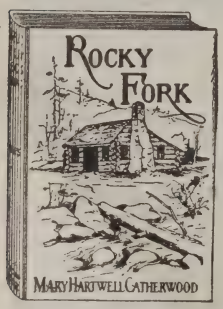
Four Gordons

By EDNA A. BROWN Illustrated by NORMAN IRVING BLACK Large 12mo Decorated cover $1.50



A BOOK for girls, and boys as well, from thirteen to sixteen. Louise and her three brothers are the "Four Gordons," and the story relates their experiences at home and school during the absence of their parents for a winter in Italy. The interest centres in certain school episodes bearing upon problems of student government. There is plenty of fun and frolic, with skating, coasting, dancing, and a jolly Christmas visit. The conversation is bright and natural, the book presents no improbable situations, its atmosphere is one of refinement, and it has the merit of depicting simple and wholesome comradeship between boys and girls. This story was submitted before publication to prominent librarians, and the following letter from one of them fairly represents the general opinion of those who read it:

"The reading of 'Four Gordons' has been a distinct pleasure. It is decidedly a wholesome, pleasing story of some very natural girls and boys. A book for girls, free from sensationalism and over-sentimentality and written by an author who is skilful in her use of English, is too seldom seen today."



Rocky Fork

By MARY HARTWELL CATHERWOOD Illustrated by FRANK T. MERRILL $1.25

IN response to incessant calls we have re-published this greatly admired book in far more attractive form. The demand for this book arises from the increasing importance rightly attached to books that faithfully and attractively picture the folk-life of former generations. The rural school of the Middle West in the decade preceding the Civil War is portrayed in the happiest possible way, with the pleasures, ambitions, tasks, dress and home life of its pupils. There are exciting scenes as well as pathetic and humorous ones, and the book is rightly called one of singular power and charm. It is an admirable story of child life, with a literary finish and quality too seldom found in stories intended for juveniles. Mr. Merrill's illustrations are excellent.

THRILLING tales of heroism and peril.

The Diamond Key **And how the Railway Heroes Won it**

By ALVAH MILTON KERR Illustrated $1.50

MR. KERR, the most gifted of all writers of railroad stories, was once a train despatcher and knows thoroughly the skill, bravery, and devotion of those who do the actual work connected with the making and running of great railway lines. It is impossible to describe the hold his stories take upon one. No more powerful tales of honor and courage have ever been told and if one's blood is not stirred by reading this book, his is a hopeless case.

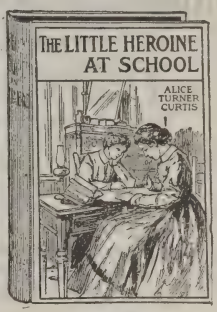
The Little Heroine at School

Second Volume of "Little Heroine Series". Illustrated $1.25



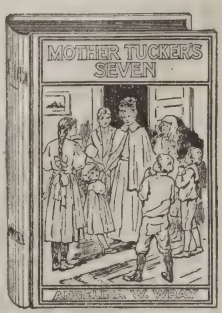
HAPPY Edith Austin, the "Little Heroine of Illinois," is sent to a girls' school in the suburbs of Boston, where she enjoys all the good times, learns many valuable lessons, makes friends, and, best of all, discovers that she is not a waif without relatives, but has cousins of whom she can be justly proud, and who are equally glad to acknowledge her. It is a complete story in itself, with a well-defined plot, and including many delightful incidents, as well as suggestions in regard to entertainments for school-girls, and shows a steady development of character which makes Edith and her schoolmates valuable acquaintances for girls of twelve and fourteen.

A Little Heroine of Illinois

First Volume of "Little Heroine Series"
Illustrated $1.25

THIS genuinely good story for little girls, with plenty of interest for boys also, tells of the early days of the Civil War, when it was very doubtful how portions of States adjoining the line of division would stand when the final test came. This little girl has the opportunity to render a service of greatest importance to the cause of the Union, and by rare discretion and physical courage and endurance is equal to the occasion. A sensible and entirely pleasing story of a time now passed into history, in which even children bore their part, and which children of this day will enjoy and ought to read.

Mother Tucker's Seven



By ANGELINA W. WRAY

Illustrated by ELIZABETH WITHINGTON Large 12mo $1.25

HERE is a story that appeals to one instantly, and which contains the same elements that have made the famous "Pepper Books" the success that they are, the merry, active life of a loving family forced to find pleasure in most economical ways, but never letting it prevent very great happiness in each other, and the resolute overcoming of obstacles. "Mother Tucker" is the refined, delicate widow of a country clergyman who has lost his life in an act of heroism, and the seven children are of varying ages, but all are busy and cheery. How the boys plan to earn money, how love for her own family proves stronger than the attraction of wealth to pretty Molly, and what even little Martha can do, must be read to be appreciated, and one need not be ashamed of wet eyes when "Merry" wins a prize on a piece written in secret by her kind oldest sister. They deserve every bit of the good fortune that comes to them.

Kitty-Cat Tales

By ALICE VAN LEER CARRICK

Profusely illustrated by HOMER EATON KEYES $1.00

By NINA RHOADES

THE "BRICK HOUSE BOOKS"

Illustrated $1.00 each

Maisie's Merry Christmas

Tenth volume of the "Brick House Books"

THIS latest volume of a favorite series for children from six to twelve opens with the story of a little girl who finds herself in Nice at Christmas-tide and is at first discontented at being away from home at this time. A kindly interest in a little blind girl changes all this, and in the wonderfully happy results, Maisie finds greater happiness for herself than she had known at any other Christmas. Two equally interesting stories follow, one of bright little American twin sisters in Florence, and what came to them as well at Christmas time, and one, of a little American boy and English girl in Egypt, entitled "How Reggie Saw the Sphinx," that is one of the best of the many good things Miss Rhoades has written.

Brave Little Peggy

PEGGY is so democratic in her social ideas that it is hard for her to understand many things that she must learn. But her good heart carries her through, and her moral courage wins affection.

Priscilla of the Doll Shop

THE mere statement that in this book Miss Rhoades has equalled the interest of the other "Brick House Books" will be sufficient.

Little Miss Rosamond

ROSAMOND is found in Richmond, Va., with her good big brother. She goes to the seaside cottage of an uncle whose home is in New York, and finds good fortune.

How Barbara Kept Her Promise

Only Dollie

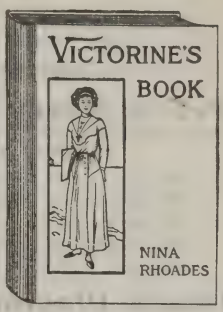
Victorine's Book

By NINA RHOADES Illustrated $1.25



THIS is a book for older girls than the noted "Brick House Books" by this author, and the success of "Dorothy Brown" has already proved that Miss Rhoades is equally a favorite with all ages. Nor are her readers confined to girls.

Fourteen-year-old Victorine is an American girl who has lived for ten years with an aunt in France. She has read a book called "The Story of Colette," and is inspired by this to begin a book telling her daily experiences, although convinced that nothing interesting will ever happen to her. In this she is greatly mistaken, for things begin to happen at once. Later come interesting experiences in this country for the girl who is naturally more French than American in speech and ways, and an exciting adventure as a climax, which leads to surprises and a very happy conclusion. The narration in the first person—an "I" book, as children call it—gives an unusual charm to a very brightly written story.

Marion's Vacation

By NINA RHOADES Illustrated $1.25

MARION is sent for a summer in a pretty Vermont village, which proves to be a most important one to her in all its lessons.

Dorothy Brown **A Story for Girls**

By NINA RHOADES Illustrated by ELIZABETH WITHINGTON Large 12mo $1.50

THIS is considerably longer than the other books by this favorite writer, and with a more elaborate plot, but it has the same winsome quality throughout. It introduces the heroine in New York as a little girl of eight, but soon passes over six years and finds her at a select family boarding-school in Connecticut. An important part of the story also takes place in the White Mountains.

A Little Prospector

By EDITH M. H. BAYLOR Twenty-four illustrations from photographs $1.00

THIS little pioneer is a real boy and the story is based on what the bright little fellow actually did and experienced during the residence of his parents in the mining districts of Nevada. In connection with many adventures, a fine account of a most interesting and not very well known region is given, and told in a way that will win the eager attention of children.

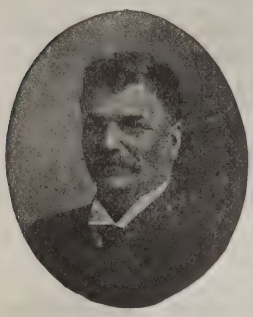
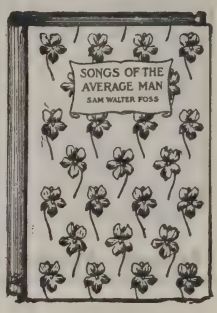
By SAM WALTER FOSS

Songs of the Average Man



Illustrated by MERLE JOHNSON

Gilt Top Boxed $1.50



SAM WALTER FOSS was, more than any other of his time, the true poet of the people, and his personally chosen title for his last volume fitly characterizes a book of verse that is instantly appreciated by the sound and wholesome people who actually do the world's work, who love poetry of music, feeling and sense, but have neither time nor inclination for society verse or sensational rhapsodies, and no patience with poems that require a university lecturer to interpret them.

Songs of War and Peace

Gilt Top Boxed $1.50

"THERE is an inspiration breathing through the lines of Mr. Foss's verse that appeals to all." A splendid optimism runs through all his lines. He had a sublime faith in the ultimate "goodness of things." His premature death was a loss to literature and humanity, but through his poems he will exert an ever-increasing influence.

Dreams in Homespun

Gilt Top Boxed $1.50

IN his more serious verse Mr. Foss treated the great problem of life in a simple, yet deeply thoughtful manner, which all could understand. "The House by the side of the Road" has been translated into every civilized language and has become the working creed of thousands.

Whiffs from Wild Meadows

Illustrated Gilt Top Boxed $1.50

SAM WALTER FOSS, poet and humorist, voiced in his verse the thoughts and aspirations of the average man he loved so well. He preached the gospel of cheerfulness and happiness and "his poems have eased the pain in many an aching heart."

Back Country Poems

Illustrated Gilt Top Boxed $1.50

"OF all the poems published for a long time none deserve warmer praise and more careful reading than the delightful songs that make up this quaint and natural book."

Mr. Foss had the rare faculty of expressing the humdrum incidents of every-day life poetically. The range of his poetry was as wide as humanity itself. His homely Yankee dialect, overflowing with humor, tenderness and knowledge of human nature fascinates and holds all who read. He thought that the way to make men better was to make them laugh. But underneath the laugh is the clear ringing message which strikes home.

SOPHIE MAY'S STORIES FOR YOUNG READERS

"GENIUS comes in with 'Little Prudy.' Compared with her, all other book-children are cold creations of literature; she alone is the real thing. All the quaintness of childhood, its originality, its tenderness and its teasing, its infinite uncommon drollery, the serious earnestness of its fun, and the fun of its seriousness, the naturalness of its play, and the delicious oddity of its progress, all these united for dear Little Prudy to embody them." — COL. T. W. HIGGINSON, *in North American Review.*

The beautiful illustrations are as important a feature as the text.

Nowadays the artificialities of life and the hurry and bustle of existence are brought home to all of us and we are fond of recurring in memory to "The Good Old Days." Some of the finest and most typical highland scenery is to be found in Arran, where the very air is charged with the romance of Bruce and Douglas and of the Ossianic myth. Mr. MacBride has filled a much felt want in preparing this work, which treats in a most readable form of the scenery and antiquities of the island, its legends, its history, and its people. Most of the illustrations by Mr. J. Lawton Wingate, whose Erin pictures are so well known, have been especially painted for this volume.

McCARTER, MARGARET HILL.

The Peace of the Solomon Valley. Frontispiece by Clara Powers Wilson. Oblong, flexible binding *net* .50
In ooze leather binding . . . . . net 1.25

In breezy manner these letters tell the story of how a father in New York City sends his rheumatic son for a six-months' stay on the ranch of an old Yale College chum living in the Solomon Valley. The son, preferring a trip to Europe, is indignant and goes West expecting to find it still "wild and woolly." How he is disappointed in his expectations and falls in love with the farmer's daughter and how they give up their "careers"—the boy a business life on Wall Street, and the girl, a musical education in Europe—for the simple life of a Western Kansas farm, is all told in a pleasing manner and the whole story is full of tender sentiment.

Mrs. McCarter is a well-known writer on Kansas themes and thoroughly familiar with the romantic beginning of white settlement there. In this tale the conflict of whites and Indians, culminating in the famous Osage massacre, is most graphically described. Combined with the thrilling story of frontier strife is a gentle love story and some remarkably poetic descriptions of the glamour and shimmer of the plains before the coming of civilization blotted it out.

The homely philosophy and irrespressible humor of these stories of Irish life have made them favorites with young people, though they are not without their appeal to the older ones. A prominent educator said of "The Widow O'Callaghan's Boys" that it was "first-class pedagogy," and his reading of the story resulted in a personal recommendation of it to every pupil in his school. Since that time, it has come to be one of the most widely read and talked-of books for boys and girls published during the last decade, and has been put on library and reading circle lists from one end of the country to the other.

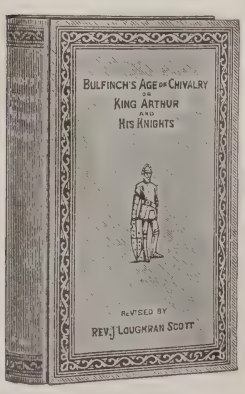
LEADING FEATURES, AND OPINIONS CONCERNING THEM.

PRONUNCIATION OF PROPER NAMES.—All proper names are printed in black type, syllabified and accentuated. The editor in his preface says: "To know one you must know his name, especially in Mythology, where names constitute being."

"After years of experience I appreciate the value of the pronunciation of proper names in the body of the text. The time for the study is limited; it is impossible to require incessant use of dictionary. . . . I believe you have done much to secure correct spelling. . . . The illustrations in your edition are a valuable feature.

"The recognition of the mythology of Babylon, Assyria, and Phœnicia I consider timely."—*Mary L. Hanna, Teacher of English, Central High School, Cleveland, Ohio.*



BULFINCH'S AGE OF CHIVALRY, or KING ARTHUR AND HIS KNIGHTS. New Revised Edition by Rev. J. Loughran Scott. This New Edition, uniform with "The Age of Fable," has been thoroughly revised and a number of new chapters added. The numerous illustrations have been prepared with great care and considerable expense. As "The Age of Fable" superseded all former editions of that book, so this edition of "The Age of Chivalry" is far superior to any other work on the subject yet published.
Crown octavo, ... 1 25

"No one can read this edition of 'The Age of Chivalry' without coming in contact with the best literature of the Arthurian Legends. While retaining the old, at the same time we have created a new work. The interest of these legends naturally centers about King Arthur and Queen Guinevere. In the case of Guinevere we have added a new section, and also enlarged the chapter that treats of Arthur and the passing of his kingdom. The names ranking next in interest are those of Launcelot and Elaine; here, too, we have written an additional section. At the close of the first part we have inserted a chapter on Mediæval Legends. St. George and Robin Hood attach to an importance scarcely surpassed by King Arthur himself. We have also drawn directly from Sir Thomas Mallory, especially in connection with the adventures of Sir Tor, Sir Pellenore, Sir Gawain, Sir Launcelot, and Sir Galahad."

"A Third Part with seven additional chapters has been added, consisting largely of the writings of Ossian. Whatever may have been the origin of those strange books, they certainly embody more of the ancient spirit of Britain than any other similar work."

Vest-Pocket Compendium of Applied Electricity. By Paul E. Lowe, M.E., written especially for officials and employees of all grades in Electric Railway, Lighting and Industrial Systems. Whilst covering the whole field of electrical science, embodying in each subject

all the salient and essential features, the author, recognizing the ever increasing importance of the Electric Railway in the development of modern business and social life, has prepared the portion of this volume treating that subject, with greater elaboration than is usual in restricted works, and with far more than ordinary care and scientific precision. In this commercial era of grinding competition, and where only superior fitness for the performance of every duty in life can be relied upon to insure success, the value of constant vigilance, close attention to details, and a determination, by diligent study and application, to master the intricacies of the machinery and apparatus with which the Electric Railway operative is entrusted cannot be too forcibly urged. The fruits of exact knowledge, and the intelligent and earnest application of it, are economical and efficient operation, and by these qualities the valuable employee is distinguished and selected for preferment.

A leading characteristic of the entire work is its thoroughly practical nature and lucid explanation of all principles by means of diagrams of circuits, etc.

No one can be expected to remember the exact words of the great authors he has read, and indeed no one has time to read over even hastily a tithe of the good things that the ages have accumulated. Hence a little book like this is indispensable. As we turn over its pages we are reminded of many wise and witty sentences we had forgotten, and we discover others we wonder at ourselves for having missed. Such a book is not to be read through at a sitting. Rather it is to be tasted every day or two.

Faulty Diction—or, Errors in the Use of the English Language, and How to Correct Them. (Vest-Pocket Size.) Thomas H. Russell, LL. B., editor-in-chief of Webster's Imperial Dictionary, did the public a great service when he wrote this book in which there are 1017 headings treated, and under some of them—plurals, for instance—over fifty every-day errors are illustrated and corrected.

Who does not make errors in speech? Probably there is no person who does not do so occasionally. To use the English language with correctness would be a phenomenon. But there are numerous faulty expressions so widely employed as to have secured something of the status of perfect diction. Many people who ought to know better believe them to be proper, and will defend them with promptitude and even passion. There is a large number of common blunders so grotesquely stupid that they raise one's gorge. They are so common that many people think the improper form the correct one.

Hill's Bridge and How to Play It. A New Book by America's Greatest Authority, Frank R. Hill.

This wonderfully complete work of 247 pages stands at the head of Bridge books and contains everything any player could possibly need or wish to know. The text is very full and instructions clear.

"The value of Mr. Hill's new handbook is in its thoroughness and its accuracy. It is really the most serviceable work on Bridge yet issued for players of all ranks."—*The Tribune.*

It is a remarkably compact as well as thorough treatise, covering more ground and offering more suggestions than much bulkier works on the subject.

To quote from Mr. Hill's Preface: "My endeavor, then, will be to lay before the reader the system which, after years of experience, has proved itself to be the best—that is to say, the system which is most likely to conduce to success. In doing this, I give reasons for and against the different suggestions that are advanced, and spare no effort to make the treatise complete in every branch of the game."

Ogilvie's Concise World's Atlas and Gazetteer. Based Upon the Latest Census Reports and Official Estimates.

By L. Brent Vaughan, Ph.B. The plan on which this Gazetteer is arranged is somewhat different from that usually followed. A word of explanation, however, will suffice to point out the superior method used. In the main the arrangement is alphabetic. Under the leading Political Divisions are grouped the principal facts pertaining to those divisions. For example, under France are included all the departments and the principal cities of the French Republic, with their populations according to the latest census. Likewise all mountain ranges in the world are grouped under Mountain Ranges, the rivers under Rivers, lakes under Lakes, oceans under Oceans, capes under Capes, straits, channels and sounds under Straits. This is the only gazetteer published so arranged.

The Jefferson Bible. By Thomas Jefferson. The third president of the United States, by clipping from the Gospels of Matthew, Mark, Luke and John, compiled a connected narrative, which he entitled, **The Life and Morals of Jesus of Nazareth.** The compilation begins with the first verse of the second chapter of Luke and ends with the last portion of the sixtieth verse of the twenty-seventh chapter of Matthew. In the compilation he made use of 120 different clippings, changing from one of the Gospels to another, and frequently back again to the same chapter for another verse; in some instances taking a considerable portion of a chapter exactly as it appears in the Bible, in others rearranging the verses as best suited his purpose, and in still others using a few verses or only a small part of a given verse to round out some portion of the narrative.

"I have been impressed by the range of topics upon which she touched, and by my own need of information concerning many of the things of which she has written."
—*Hamilton Wright Mabie.*

"A great amount of curious and valuable information wanted almost every day by thoughtful people, yet which cannot be found because it is stowed away in some obscure volume in the library."—*School Journal, New York.*

"It easily ranks among the most notable American publications."—*Rt. Hon. Wm. E. Gladstone.*

"I have examined 'Curious Questions,' and find it full of interesting and instructive matter. In its plan and contents I was reminded a little of D'Israeli's 'Curiosities of Literature.' Aside from its own intrinsic merit, it may be the cause of many volumes of like kind, though I fear not of equal excellence."—*Rev. George Williamson Smith, D.D., President of Trinity College, Hartford, Conn.*

KILLIKELLY, SARAH H.—*Continued.*

"I commenced examining the 'Curious Questions' without any idea that it would be of service to a man of my age, opportunities, and experience. I find, however, that some of the questions are such as I could not have answered or have known where to look for their answers. Nor are there any questions in the book which it is undesirable to have answered. Such a work will be of inestimable value to any intelligent person, old or young. The plan of the book is original, its purpose that of supplying an actual need, its execution indicative of broad and generous culture, pure taste and delicate discernment."—*Rev. Andrew Preston Peabody, D.D., LL.D., of Harvard University.*

"I am very much pleased with your work. It has an immense amount of useful knowledge packed into its pages. Your plan of separating the questions and answers is ingenious, for a glance at the question without the appended answer sets one on the search through his own brain for the facts called for. The evidence of personal ignorance makes one covet the information. With the coveting comes the excitement of curiosity, and when, after the process of awakening and stimulating the mind, comes the turning to the page where the answer is found, the student is more likely to read that answer with avidity, and retain it permanently."—*Right Rev. John H. Vincent, D.D., Bishop of the M. E. Church, and Chancellor of Chautauqua University.*

"Bright as burnished gold, and as rare and valuable. A beautiful gem deserves a beautiful setting. 'Curious Questions' is a rare gem of literature, and the publishers have exhausted the resources of modern skill in the engravers', printers', and binders' arts to give it a rich and tasteful setting."—*Robert Browning.*

"'Descriptive Mentality,' by Prof. Holmes W. Merton, is a concise and practical method of learning to read and delineate the character, habit, and capacities of the mental faculties from their definite signs in the head, face, and hand. . . . Persons, by comparing their own hands with the drawings, can read their own nature and destiny as portrayed by those signs, lines, and meanings that are present in their hands. . . . The aim has been to widen the general view of life, to teach a valuable art, and to present a new and interesting source of amusement."—*School Journal, New York.*

It is a strong book and one that should always demand respectful attention, not alone from the student, but from the great reading public, whose horizon of knowledge is broadened by all such worthy efforts. The text has been thoroughly revised and illustrative passages from the poets inserted, making it the best manual for the use of schools, art students, and general readers.

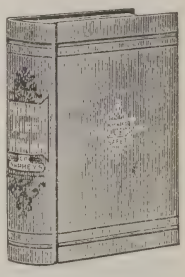
NAPHEYS, GEORGE H., A.M., M.D. Physical Life of Woman. Advice to the Maiden, Wife, and Mother. A New Edition, Revised to the Latest Date, with a Life of the Author.



This is the only work on the delicate topic of Woman recommended for popular reading by the most distinguished physicians, eminent divines, prominent educators, leading medical journals, and the press generally. Its extraordinary value and popularity is shown by the fact that of this work and its companion volume, "The Transmission of Life," 280,000 copies have been sold.

12mo, cloth, gilt back and side, ... $2 00

"Dr. Napheys we do not know personally. But this book is at once brave and pure. It is written in such a spirit that she who really desires to learn the truths of which she can not with justice to herself and others be ignorant, may do so without being shocked, while he who hopes to stimulate a vicious imagination by its perusal will turn away from its pages disappointed."—*The Independent, New York.*

"I have read with much interest and satisfaction 'The Physical Life of Woman.' I am glad that the subject has been taken up by one who shows himself so thoroughly qualified for the task, and I trust the instruction and advice contained in the volume will reach every woman in the land."—*William A. Hammond, M.D., Professor in the Bellevue Hospital Medical College, New York, etc.*

"Though professedly written for popular instruction, this little book will not fail to instruct the professional reader as well. We cordially recommend Dr. Napheys' book to every woman seeking a fuller acquaintance with her physical organism."—*New York Medical Gazette.*

"This book is written in a style well calculated both to please and instruct. There is nothing of the sensational or imaginative character in it. On the contrary, its teachings are in strict accordance with scientific facts and good sense. Though designed specially for females, a careful perusal would be productive of much benefit to both sexes."—*Chicago Medical Examiner.*

I have given sufficient study to the ways and needs of boys and young men to appreciate, perhaps more fully than most, the importance of your theme. I have been much instructed by your writings, and I desire others to be benefited thereby."—*Rev. H. "Never did a title to a book express its contents with more fidelity than the above, for the book itself contains a little of everything that is odd, queer, quaint, and curious. As a work of reference or a volume to be picked up at leisure moments, nothing could be better. How and where the author ever found these items and short bits of information is a puzzle to the uninitiated. Sets in either style may be had boxed.

Each volume, 6 x 8½ ins., 1½ ins. thick, has a photogravure frontispiece and rubricated title, making a handsome set.

The issuing of this edition of Swinburne in two volumes, one "Poems" and the other "Tragedies," we feel is really needed. To get the author's works before this time meant either buying the American edition in eleven volumes or collecting the English edition, in more numerous volumes, at even greater expense. The works of all the other standard poets may be had in some compact form for library use, and Swinburne surely should not be neglected. This edition, with the exception of "Rosamund," "Balen," and a few minor poems, is complete.

ADAMS' ENGINEERS' HANDBOOK. By Prof. Henry Adams, M.Inst.C.E., M.I.M.E. 576 pages. Royal 8vo, cloth (6¼ x 8¾). Price $2 50

A most important contribution towards the technical education of mechanical engineers, and is, undoubtedly, the most helpful work of its kind that has ever been published. It collects and explains all the chief facts and formulæ of Engineering, and deals clearly and concisely with the principles and practice involved in every operation and in every branch of the subject. The splendid utility of the "Engineers' Handbook" is assured by the eminence of its author, Prof. Henry Adams, who was for twelve years in charge of the outdoor contracts of Sir W. G. Armstrong & Co.; and he is not only Past President of the Society of Engineers and of the Civil and Mechanical Engineers' Society, but was for many years Professor of Engineering at the City of London College. Prof. Adams, therefore, brings to his task the specialized skill of the successful technical teacher, as well as the ripe experience of a practical and consulting engineer of high standing.

It is a book which by its wealth of practical information is indispensable to all who are directly engaged in, or are in any way interested in, the important crafts with which it deals. "Carpentry and Joinery" has the peculiar merit that, in nearly every instance, the description of process and material, method and practice, is the direct outcome of actual experience and special investigation—that is, none of the cases dealt with are imaginary; they have all occurred in practice. Actual examples of all kinds of Carpentry and Joinery are described in clear and simple language and in careful detail, until the whole art and craft of Carpentry and Joinery is plainly revealed. The Editor has no rival in the production of books of recognized value on the handicrafts.

CABINET WORK AND JOINERY. Edited by Paul N. Hasluck. Comprising Designs and Details of Construction, with 2021 Working Drawings and 12 Colored Plates. 574 pages (6¼ x 8¾). Royal 8vo, cloth. Price, ... $3 00

Cabinet work and Joinery is the natural outcome of and sequel to "Carpentry and Joinery," with which work it is uniform in style and price. While the chief object of that work was to explain constructive principles adopted in the related crafts of carpentry and joinery, the present purpose is to give some hundreds of examples showing further how these principles are applied in everyday practice.

The present book devotes but little space to the rudiments of cabinet work and joinery, but makes a direct and immediate appeal to the constructive instinct of the craftsman by presenting him with an extensive and varied range of designs of completed articles, accompanied by full explanatory notes. No less than two hundred and fifty different designs with details are included in this book, the illustrations numbering 2021 in all.

Is a treatise, and a very practical one, on the art of conjuring, in its various and bewildering departments, some of which require special apparatus, most of which require that dexterity known as sleight-of-hand. There are, for example, card tricks which can be played with ordinary cards and without sleight-of-hand, and others again which demand special apparatus. There are coin tricks, tricks with watches, rings, handkerchiefs, dominoes, dice, etc.

Continued next page.

HOFFMANN, PROF.—*Continued.*

The tricks are clearly and comprehensively explained by diagrams and illustrations when necessary. This book will afford an inexhaustible fund of amusement in a family where the young people are fond of games and are quick in acquiring these things. The explanations are given most comprehensively, and cover an immense field; besides, the book is filled with illustrations demonstrating the easiest way to accomplish these feats of legerdemain, magic, etc.

There is a vast difference between telling how a trick is done and teaching how to do it. This is the only book that teaches how to do it.

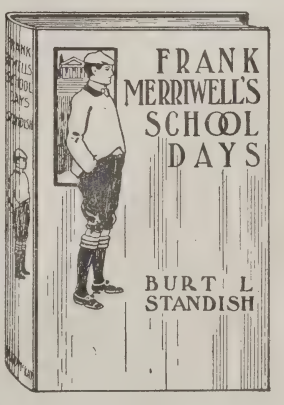
The Famous Frank Merriwell Stories.

BURT L. STANDISH.



No modern series of tales for boys and youths has met with anything like the cordial reception and popularity accorded to the Frank Merriwell Stories. There must be a reason for this and there is. Frank Merriwell, as portrayed by the author, is a jolly, whole-souled, honest, courageous American lad, who appeals to the hearts of the boys. He has no bad habits, and his manliness inculcates the idea that it is not necessary for a boy to indulge in petty vices to be a hero. Frank Merriwell's example is a shining light for every ambitious lad to follow. Twenty-two volumes now ready:

PATTEN, GILBERT. Clif Stirling Series.
Each volume illustrated with colored frontispiece and eight half-tone engravings, handsomely bound in cloth and stamped in gold and colors. Per volume, 1 25

That Mr. Patten, the author of the "Rockspur Series," has written another series of books for boys is good news indeed. Clif Stirling is a bright, wholesome, clean American boy, and the following of his career in school and college sports means a notable addition to books of the best character for juvenile readers.

——— **Clif Stirling, Captain of the Nine.** An exciting story of the events at Fairfield Academy during the baseball season. The description of the games for the championship with Belmont High School at the end of the season will appeal to any boy who is interested in school sports.

"Everyone who enjoys a lively, well-played game of baseball will find plenty in this book to thrill him. As a boy reader expresses it, you can fairly see the plays made and watch what each player is about."—*Young People's Weekly, Elgin, Ill.*

"I have read your book 'Clif Stirling, Captain of the Nine,' and enjoyed it very much. The story is a good one and should appeal to all young men who are in any way interested in athletic sports."—HARRY H. DAVIS, Captain Philadelphia Athletics, 1910 World's Champions.

——— **Clif Stirling Behind the Line.** A capital story of the football season at Fairfield. Introducing "The New Boy" Arthur Gregory who was regarded as a quitter, but saves the championship by his good play in the final game.

"It is a stirring story of boy life on the athletic field, just the kind of a story the real boy likes, and just the kind for him, clean, wholesome and entirely within his range."—*Pittsburg Dispatch*, June 11, 1911.

"The manly way in which the youth acts under all sorts of conditions commends him to everyone. So 'Clif Stirling Behind the Line' will be much appreciated."—*The Boston Globe*, May 20, 1911.

POLLARD, JOSEPHINE. The Bible and Its Story. By Josephine Pollard, author of "The History of the New Testament in Words of One Syllable," "History of the Old Testament," "Battles of America," etc. 12mo, cloth, ... $1 00

The book comprises 576 pages, size 6 x 8 inches. There are 280 illustrations (many of them full-page), of which a complete list is prefixed to the volume. Especial attention is called to the index, which occupies 22 double-column pages, and contains upward of 2000 analytical references to the text. The great fullness of this index will of itself render the volume invaluable to all who believe that a familiar knowledge of the incidents of the Bible cannot be acquired at too early an age.

This volume has been published to assist parents, guardians, and teachers in the religious instruction of those under their charge, by enabling them to place in the hands of children a book which would reverently tell the Biblical story without sectarian bias.

Mrs. Josephine Pollard, the well-known popular writer for children, has put some of her best work into this beautiful book. She has taken the Bible at the first chapter of Genesis and retold the wonderful story step by step to the last chapter of Revelation. It has been to the writer evidently a labor of love. She enlists the reader's interest at once, and holds it to the end. Children will find it as fascinating as a fairy book. It is simplicity itself; yet, with all its simplicity, it is not childish.

——— **Young Folks' Life of Jesus Christ.** By Josephine Pollard, Author of "History of the Old Testament in Words of One Syllable," "History of the New Testament in Words of One Syllable," "Battles of America in Words of One Syllable," "The Bible and Its Story," etc. With 56 Full-page and Numerous Text Illustrations. WOOD, REV. J. G., M.A. Popular Natural History. With 600 Illustrations by Wolf, Harrison Weir, and others. Handsomely bound, stamped in Gold and Colors.
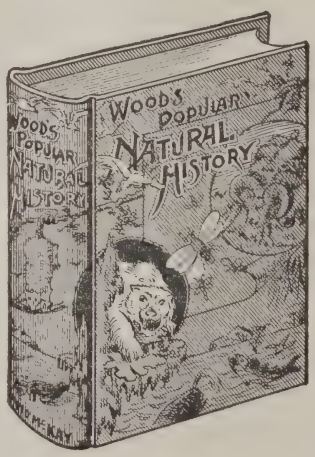
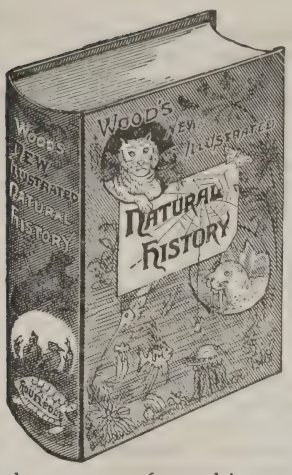
Crown 8vo, cloth, ... 1 50



No science exerts a greater influence in broadening and elevating the mind than that which treats of the nature, structure, and habits of the lower animals. This volume is made more interesting than most works on natural history for young readers because of its simple, graphic language, its accurate classification, and the number of anecdotes, nearly all of them new, which illustrate the ferocity or docility, the instinct and traits, of the humbler inhabitants of the earth. It is a condensation of his larger work, and has been prepared especially for the instruction and entertaining of the young.



WOOD, REV. J. G., M.A. New Illustrated Natural History. With many Hundred Illustrations from Designs by Wolf, Zwecker, Weir, Coleman, Harvey, and other Artists, engraved by the Brothers Dalziel. Stamped in Gold and Colors. Large 8vo, cloth, $2 50

Wood's "Natural History," with its charming descriptions and delightful anecdotes of all animals, both domestic and wild, is the greatest authority in the land. It gives minutely, and in the simplest language, the habits, haunts, diseases, and peculiarities of the entire animal kingdom. The descriptions of the animals are truthful and interesting. Their portraits, as shown in the hundreds of illustrations, are accurately drawn, and make us realize the variety and beauty of earth's creatures. The life and habits of animals, reptiles, birds, etc., are of equal interest to old and young.
